JEROME'S NEW TACK. STATEHOOD PREVAILS

District Attorney Swoops Down on Tenderloin District.

New Mexico and Arizona Section Stricken Out.

STATUS IS SHAMEFUL OKLAHOMA IS NAME.

Robert H. Spriggs, a Negro, is Accused of Abducting a White Girl and a Woman, Forcibly Detaining Them.

Guthrie Is to Be Temporary Capital and No Liquor Sold in Indian Territory Portion During Twenty-One Years.

New York, March 10.—Representatives of the district attorney's office went into the Tenderloin and raided a flat in West Thirtieth street as a preliminary step in a campaign against negroes, whom the district attorney has been investigating for months. Important information came finally out of the arrest and trial of Berthe Claiche, who killed a man toward whose support she alleged she had been compelled to contribute. The raid followed an indictment by the grand jury on three counts against Robert H. Spriggs, a Tenderloin negro, who was arrested Friday. Spriggs is indicted for abduction, assault and keeping a disorderly resort. The flat in West Thirtieth street was one of many the district attorney's office says which Spriggs and other maintained.

The police acted on the evidence of a white woman, who alleges that while half intoxicated she was kidnapped from a saloon, taken to the house and forcibly detained. The complaining witness on the indictment against Spriggs was a fifteen-year-old white girl. Two negro women, a white woman and a negro were arrested.

When the indictment was found District Attorney Jerome said: "This is one of the most important arrests made during my term of office."

The police claim that there exists a syndicate of resorts patronized by negro men, and where white women are forcibly detained.

One case, it is charged, has been brought to light of an unusually attractive girl being kept in one of these places for more than three years.

Assistant District Attorney Garvan intimated that the raid would be followed by others. "This is only the beginning of this mess," he said. "Facts which have been given to the office show an appalling condition of affairs. It is astounding. Mr. Jerome has the facts upon which to base sweeping action, and he is going to move quickly and effectively. He'll stamp out this in a hurry."

FULL FARE.

Railroad Agent Thinks Converted Tramp Should Settle Thus.

Chicago, March 10.—A converted tramp, says a Record-Herald dispatch from Indianapolis, has written from Denver to General Agent Clark at Pittsburg of the Big Four. He confesses to having stolen several rides on freight car bumpers of that road between certain Indiana towns, naming the distances, and wishing to reimburse the company. Mr. Clark thinks full fare would be the proper amount, and will send an itemized bill to the repentant one.

NO ONE SELECTED.

Secretary Taft Denies Statement of the Washington Post.

Washington, March 10.—Secretary Taft made the following statement: "I am authorized by the president to say he has made no decision as to the selection of anyone to succeed Mr. Associate Justice Brown. He has been in consultation with Secretary Root, Attorney General Moody and myself, three lawyers in the cabinet in the matter, and no decision has been reached."

HOGGATT SELECTED.

President Will Appoint Him as Governor of Alaska.

Washington, March 10.—President Roosevelt has decided to appoint Wilfred B. Hoggatt governor of Alaska. Mr. Hoggatt is a resident of Juneau and succeeds John G. Brady, recently resigned.

CLERGYMAN CONVICTED.

He Goes to Penitentiary, While Woman Is Assessed a Fine.

Asheville, N. C., March 10.—Rev. W. H. Johns, a Baptist minister, was convicted at Hendersonville of criminal relations with Mrs. Angeline Cagle and sentenced to imprisonment for one year. The woman was also convicted and fined \$100 and costs.

Approaching Normal State.

Washington, March 10.—The state department has received a cable report from its trusted agents in Manchuria saying that commerce and trade there are approaching normal state; that the Chinese governor of the province is anxious to take over the civil administration as soon as possible, and that Japanese troops will be entirely out of Manchuria in the course of a few days, when the country will be opened up to the world.

Some Splendid Results Obtained at Advertised Sale.

Sapulpa, I. T., March 10.—An advertised sale of oil and gas leases on lands of minors was held here, and some of the prices paid were record breakers. Morrison, Shay, and others of Bartlesville paid \$5,040 for 320 acres belonging to the Durant freedmen heirs, the Pink Watson tract sold for \$1,225, the Robert Watson tract of 160 acres sold for \$825 and five tracts of 160 acres each, belonging to the Perryman heirs, sold from \$240 to \$600 a quarter section. On other tracts good prices were also realized.

FOUR HUNDRED EXECUTED.

Russia's Repressive Measures Have This Dreadful Result.

Riga, Livonia, March 10.—Four hundred military executions have occurred in Livonia as a result of the government's repressive measures.

SAMPSON'S
NOTHING BUT THE BEST

THE MORNING EAGLE

Entered at the Postoffice as second class mail matter.

BY CARNES & WALLACE.

BRYAN, TEXAS, MARCH 11, 1906

The war appears to be still very much on in the Philippines.

The present brand of crop weather has the O. K. of the Texas farmer.

The Eagle does not regard the outlook for Bryan as at all unfavorable, notwithstanding railroads will soon be operating through our trade territory on the east. But our people will have to be wide awake and up and doing all the time to hold their own. What is needed more than anything else is strictly first-class dirt roads, kept constantly in good condition, and to this end the Business League should have an active good roads committee to co-operate all the time with the county authorities. The coming of free rural mail delivery will have a tendency to promote good roads, and the Eagle hopes the people of the county will make it a point to avail themselves

of this privilege as one of the most potent agencies for the upbuilding of the county.

In looking over the list of candidates for governor at the ensuing election, it will be seen that Texas is not without an abundance of good gubernatorial material. The gentlemen are men of undoubted capacity and integrity and would unquestionably serve the people and the democratic party acceptably. The choice of the Eagle is, however, very definitely determined from long acquaintance with one of these gentlemen, a high regard for him and the belief that he is the best equipped man for the place at the present time. We refer to the Honorable C. K. Bell of Fort Worth, a man whom we believe to be in every way qualified to guide the destiny of this great and growing state along progressive, safe, sure and patriotic lines.

UNEXPECTED RUSH.

Wilson & Edge Immensely Pleased with New Season's Millinery Trade.

Notwithstanding Messrs. Wilson & Edge have a larger and more select stock of millinery this season than ever before, and as many employees in this department as at any time during the busiest part of last season, they have been unable during the past week to wait on the trade to their entire satisfaction, and request the Eagle to state that beginning Monday morning they will increase the number of salesladies in the millinery department and also receive during the week large additions to their stock. They invite all the ladies of Bryan and vicinity to call and see their offerings, and they ask comparison with any city in the state in the matter of quality and style. They especially invite those who have not visited their parlors to call early.

LITTLE POCKET PHYSICIAN.

Hyomei Inhaler that is Guaranteed by E. J. Jenkins to Cure Catarrh.

Thousands who have been cured by Hyomei call the inhaler that comes with every outfit "The little pocket physician," as it is so small that it can be carried in the pocket or purse.

Prior to the discovery of Hyomei statistics showed that at least 97 out of every 100 persons in this state were suffering from catarrh in some form. The remarkable results following the use of Hyomei are shown by the smaller percentage today of people suffering from catarrh.

SPRING CLOTHING?

Order Your Suit NOW

Then you'll have it when you need it. Don't wait until everybody is in a hurry—delays count now for Spring is here. If you buy your clothing from us, you get it made after your own ideas. You make your own selection of fabrics, and tell us how you want it made—we do the rest.

Better Styles
Better Fit
Better Wearing
Better Workmanship

Are a few reasons why it pays better to have your clothes made than to buy the ready-made kind, and the prices are about same.

COME IN

And have a look at our handsome new Foreign and Domestic Woolens. Suitings in beautiful and exclusive styles of grays and blues (leading colors this season). Trousers and Vestings full of life, richness and style. No fit, no sale, and you are to be the judge. If you would do the proper thing, order your clothes NOW for spring.

HUNTER & CHATHAM

MEN'S FURNISHERS

There is really no excuse whatever for anyone having catarrh now that Hyomei is so ready obtainable. If you have any doubts about its value, E. J. Jenkins will let you have a complete outfit with the understanding that unless it cures catarrh, it will not cost you a cent.

A complete Hyomei outfit consists of "the little pocket physician," a medicine dropper and a bottle of Hyomei, and costs only \$1, while additional bottles of Hyomei can be procured for 50c, making it the most economical as well as the most reliable treatment for the cure of catarrh.

Do not delay longer the use of Hyomei if you have catarrh. This is a purely local disease, and Hyomei goes right to the spot where the catarrhal germs are present, destroys them, soothes and heals all inflammation, and makes a permanent and lasting cure.

FOSTER'S WEATHER BULLETIN.

(Copyrighted 1906, by W. T. Foster.)

NOTE.—My "Crop Weather" forecasts for 1906 are now complete, are of unusual interest, are the best have ever made and a sample of them will be mailed to anyone on receipt of a two-cent stamp. Address W. T. FOSTER, Washington, D. C., Box XI.

Washington, D. C., March 10.—Last bulletin gave forecasts of disturbance to cross continent 6 to 10, warm wave 5 to 9, cool wave 8 to 12. Next disturbance will reach Pacific coast about 12, cross west of Rockies by close of 13, great central valleys 14 to 16, eastern states 17. Warm wave will cross west of Rockies about 12, great central valleys 14, eastern states 16. Cool wave will cross west of Rockies about 15, great central valleys 17, eastern states 19.

This disturbance will develop more than usual intensity; all weather features will be more prominent than usual. Temperatures will reach the top for this month as this disturbance approaches. Rainfall will increase and will be greater for next two weeks than for past two.

This warm wave will cause a general thaw farther north than is usual and will promise an early spring, but the month will close cold and the alternating freezes and thaws will not be good for winter wheat. We are approaching a season of unusually variable crop-weather; so radical that corn, wheat, potatoes, flax, grass and cotton will depend on the nature of the soil to a greater extent than for years past. Some kinds of soil will not pay for the seed, and I again advise not to sell good corn for less than 50 cents.

The success of crops this year will depend so largely on the lay of the land and the quality of the soil that I cannot give good advice in a general letter, except to say that good crops will be produced where the soil fits the crop-weather; that the corn crop will be one-fourth short of last year and that wheat will not come up to the average. Potatoes will not make more than a half crop.

My forecasts for January were fair for most parts of the country west of the Mississippi, but as a whole were not good east of that river. The error was clerical and not the fault of the method. For February my forecasts proved to be good enough for any purpose. They were about 80 per cent good according to the Clayton rules, which are so strict that 80 per cent is practically perfect.

The third scientist of note has acknowledged the merit of my work, and I hope soon that these higher authorities will publicly endorse my work. Of course I cannot use their names without their permission, but there is a rift in the clouds and light will break in upon the orthodox scientists.

WHY?
The reason One Minute Cough Cure relieves a cough in one minute, is because it acts first on the mucous membrane right where the cough troubles—in the throat or deep-seated on the lungs, destroying the microbes or cough germs and clearing the phlegm.
One Minute Cough Cure not only destroys the disease germs, and clears out their poison, but it gives strength and elasticity to the delicate membranes which protect the throat and lungs. Opens the air passages and promotes unobstructed breathing. Causes the blood to receive its natural supply of oxygen, thus exhilarating the pulmonary organs with such strength and vigor that the lungs and bronchial tubes become bulwarks against the inception of disease. Asthma, Bronchitis, La Grippe, Cold on the Lungs and all Pulmonary Complaints that are curable are quickly cured by the use of

SOCIAL

and Club Matters

A splendid program was enjoyed with the Mutual Improvement Club, Wednesday afternoon, the occasion being Texas Independence Day. Mrs. M. W. Sims, the club's efficient president, presided, with Mrs. L. L. McInnis at the secretary's desk. Club members responded to roll call with quotations on Patriotism. Miss Peale sang, in a full, sympathetic voice, "The Flag Song of Texas," accompanied by Mrs. W. C. Davis. Prof. Minter read a well written paper, subject, "A Certain Lack of Texas Histories." Prof. Minter's paper showed a thorough knowledge of the histories of Texas, and gave the club women much useful and valuable information. Mrs. Lillebridge delighted everyone by contributing a beautiful vocal solo which showed the marvelous culture of her voice. "Texas Reminiscences," by Mr. A. J. Buchanan, was thoroughly enjoyed. Mr. Buchanan was at his best, and as he eloquently told of deeds of heroism that figure in the state "not bought with gold, but by the blood of heroes won," tears and smiles played hide and seek behind many veils. "The Texas Blue Bonnet"—our state flower—was recited by Mrs. Hanway in a truly artistic manner. In a chorus of many voices "The Star Spangled Banner" floated out through the hall preceding conversation on "Texas' Past, Present and Future," in which guest and club member alike, vied with each other in reciting some thrilling incident about or paying a beautiful tribute to the "Lone Star State," thus forming a chain of priceless beads for Texas. By request of the club, Mrs. M. D. Farris recited in a very pleasing manner, an original poem, "The Flag of Texas." Mrs. Farris is a graceful, easy writer and has contributed many clever poems to the press. The poem follows, being published by the request of many present.

THE FLAG OF TEXAS.
O, never was seen a more beautiful sight,
Than the proud flag of Texas, above us now
streaming,
In its blue field, firm poised, resplendent with
light,
Shines the star we love, best for its glorious
beaming.
Young though it may be, it is vigorous and free,
An emblem of sweet liberty.
They hid it "God speed—go bless this land,"
Long may its fair folds gracefully swell,
The tale of its trials and triumphs to tell.
Chorus.
O, never was seen a more beautiful sight,
Than the proud flag of Texas heroic and
bright.
The name of our Houston and his noble band,
Secured it an orbit high and undying,
They hid it "God speed—go bless this land,"
Division forever and always defying,
Looking calmly afar through the smoke clouds
of war,
They vowed, thus early, a five-pointed star,
Alone should keep watch, o'er her daughters
and sons,
"So long as grass grows and pure water
runs."

Chorus.
O, never was seen a happier sight,
Than her children abask in its glorious light.
Say, then, do you wonder that we should choose,
To hail this proud banner, others eschewing,
When bravery, beauty, culture and art,
Unite in a glad and harmonious wooing?
No, no, proudly sing on the breeze as it brings
Back every note that melody flings—
And never, no never, shall even a bar,
Mar the blue field held by the lone star.
Chorus.
O, never was seen a more shining sight,
Than Texas illumed by its glorious light.

TEXAS WOMAN'S COLLEGE
The young ladies of the college some months ago organized a Mission Band, the object being to promote a closer Christian union and develop a higher Christian life in the student body by special attention to certain phases of Christian culture. These bright, earnest workers are accomplishing their object and already are making their influence felt. They are ably directed by the following officers:
Miss Bessie Buchanan, president;
Miss Irma Harris, vice-president;
Miss Gussie Buchanan, secretary;
Miss Villa McCulloch, treasurer.
The first meeting of each month is a social session, at which a special program is presented and invited guests share with the members a pleasant hour socially. At the first meeting in March a very interesting program was carried out, after which fruit nectar and wafers were served, and the hour sped fast to the music of merry voices. The young ladies proved themselves ideal hostesses on this occasion, and the guests departed wishing for many repetitions of the pleasures of the afternoon.
The Shakespeare class of the college, which has been studying Macbeth for some time, organized a Shakespeare Club February 28, with the following very capable corps of officers: Miss Alma Cole, president; Miss Adline Sanders, vice-president;

Miss Ella Price, secretary. Miss Gussie Buchanan, treasurer. The club has a strong and enthusiastic membership and has begun work with a spirit that presages great results in the interpretation of the Avon bard. The work outlined for the year bears directly on the classroom study, and introducing variety as it does, will stimulate new interest in the subject. It is hoped that the young ladies will favor the public with an open session in the near future.

Mrs. E. H. Astin sent out thirty invitations to little children under four years of age to come and help celebrate the third birthday of her little daughter, Miss Ona May Astin, at the home of Mrs. O. H. Astin Friday afternoon. The little tots were well entertained on the lawn, games of various kinds being played. On one side of the lawn dolls were hid for the girls and on the other marbles for the boys. Little Miss Helen Parks found the greatest number of dolls and was awarded a handsomely dressed doll. Master Milton Fountain was the most successful among the boys. The dining room was a bower of dainty loveliness, pink and white the prevailing colors. A pretty white cake with pink candles capped with white shades was cut by the merry children. Master Walter Wiprecht cut the ring. Master Sam Hoyle the dime and Miss Gladys Harris the button. The affair was perfect in every way and such as Mrs. Astin and her mother know so well how to manage. Cream and cake were daintily served and enjoyed by all the guests.

Mrs. R. M. Gordon entertained the Embroidery Club in an entirely delightful way on Tuesday afternoon from three to six, at the home of her parents, Mr. and Mrs. W. E. Saunders. Narcissus and violets in pretty vases formed the floral decorations, while ferns were used in profusion. In spite of the inclement weather there were a goodly number present. Mrs. Gordon mingled with her guests dispensing that old fashioned hospitality which makes all feel that they are indeed welcome in all that the word implies. Mrs. Gordon was assisted by her mother and served a salad course with ice tea, followed by cream with angel food and fruit cake. The substitutes for absent members were: Mrs. M. Nagle, Mrs. Ed Hall, Mrs. J. H. Webb, Mrs. D. C. DeMaret, Mrs. John M. Lawrence, Miss Nellie Batte.

On Tuesday afternoon Mrs. Fred Simonds of Austin was hostess to that popular social organization, the Bachelor Girls' Club. The pretty home of her parents, Mr. and Mrs. H. C. Robinson, was made attractive with potted plants. The guests all brought their sewing and while thus engaged music was furnished by a graphophone. Bon-bons were passed during the afternoon also. The welcome that Mrs. Simonds extended her guests was so warm, and their pleasure was so thoroughly looked after that the success of the afternoon was established in every particular. Mrs. Robinson and Miss Robinson assisted the hostess, and the hours were passed so pleasantly that the shades of evening were creeping in before the guests had finished the delicious menu prepared for their pleasure.

Church teas, most pleasant socially and successful financially, were held the past week with Mrs. H. O. Boatwright and Mrs. M. D. Cole, for the benefit of the Baptist and Methodist churches respectively.

CALVIN WILL RESIGN.

Others to Follow Suit, and Meeting Will Be Held to Reorganize.

Dallas, March 10.—After a session lasting four days, and attended by about 500 delegates, the Farmers' Educational and Co-operative union adjourned Friday.

The most important business was the settlement of the "Texarkana" proposition, which was as follows: After the entire business of the national organization has been settled satisfactorily President Calvin and two other officers are to resign. They will select their successors until a meeting that will be held some time in August, the exact time and place to be decided by the executive committee. The various states having affiliated unions of the national organization are to furnish the present officers with the names of those chosen for successors.

No action was taken on the resignation of President Pyle of the "Texarkana" organization.

No change was made in the annual dues or constitution, which provides that, beside bona fide farmers, country mechanics, school teachers and clergymen are eligible to membership.

The action of the commission which met at Austin in December in the interest of the reduction of freight rates was endorsed.

The meeting in August will be conducted by delegates from the various state unions. Names will be placed in nomination for the national officers and submitted to the membership for a referendum vote. President Calvin and the other officers only relinquish their positions as national officers, but still remain as state officials.

AVENGED WOMANHOOD.

Mrs. Standifer Gives This as Her Reason For Killing Sister.

Atlanta, March 10.—Mrs. Edward M. Standifer, aged twenty-five years, Friday shot and killed her sister, Miss Chappell Whisenant, aged eighteen, alleging that she committed the deed because of her husband's attentions to her victim. Miss Whisenant was to have been married Wednesday to J. E. Sutton, a young business man of Seneca, S. C., and all plans for their marriage had been practically completed. Mrs. Standifer early went to the home of her brother-in-law, D. P. Dunham, with whose family Miss Whisenant made her home, and entered the sleeping apartment of her sister. What words passed between the two was known only to them, but soon four shots rang out and Miss Whisenant fell, wounded in the breast just above the heart, and in other vital parts. She died half an hour later without having spoken.

Mrs. Standifer went to her home and telephoned to her brother-in-law's residence asking if Miss Whisenant was dead. Being informed that she was, Mrs. Standifer expressed no regret for her act, and said she would follow Mr. Dunham's advice and surrender to the police. She was arrested later. During the day she conversed freely with the police officials, declaring that she had "avenged outraged womanhood."

E. M. Standifer came to Atlanta about two years ago from Gadsden, Ala., where he was married. His father, he said, is W. S. Standifer, United States marshal at Gadsden, and his uncle, W. H. Standifer, he asserted, is assistant United States district attorney at that place. He was detained at the police station after his wife was arrested on the suspicion that he may have had some knowledge of the crime.

Engagement Denied.

Columbia, S. C., March 10.—A special from Seneca says: J. G. Sifton is a clerk for the firm of J. W. Bird & Co. He denies that he was engaged to Miss Whisenant.

TENDERED TAFT.

For the Second Time He Is Offered a Supreme Court Justiceship.

Washington, March 10.—According to the Post, President Roosevelt will appoint Secretary of War Taft the successor of Associate Justice Brown of the United States supreme court, who is to voluntarily retire. This is the second time Mr. Taft has been tendered an appointment on the supreme court bench.

Continuing, the Post says: "When Chief Justice Fuller retires, provided it is during the administration of President Roosevelt, Mr. Taft will be promoted to his exalted position. "The president has discussed the entire situation with his secretary of war, and the latter, it was learned, has given his assent to the programme."

BURNS WERE FATAL.

Miss Hanna Welch Lingers Twelve Hours Before Dying.

Hemphill, Tex., March 10.—Miss Hannah Welch, daughter of Mr. and Mrs. J. H. Welch, residing about three miles from this place, died as a result of burns. Miss Welch, while assisting her father in burning brush, had her clothing accidentally caught on fire. Her father ran to her at once, but before the burning clothes could be torn off the frantic girl she was burned so severely that she died in twelve hours. Mr. Welch burned his hands very badly in removing her clothing.

Proceedings Postponed.

Boise, Ida., March 10.—Charles H. Moyer, William D. Haywood and George A. Pettibone were arraigned Friday before Judge Frank Smith at Caldwell under indictment charging them with the murder of Frank Steunenberg. Proceedings were postponed until Friday next.

Found Dead in Bed.

Gorsicana, Tex., March 10.—Emmet Sutherland, aged thirty-seven years, unmarried, was found dead in his bedroom over a business house.
